

BEAUSOLEIL FIRST NATION
COTTAGE SUBDIVISION

DRIVEWAY STANDARDS

All Driveways must be constructed within your own lot boundaries.

All personal vehicles must be parked within your own lot boundaries.

All driveways must be wide enough to accommodate our Emergency vehicles (Fire, Ambulance, Police).
Recommended width is 15 feet.

All driveways must be graveled to avoid having our EMS vehicles getting stuck in soft sand.

We recommend Granular "A" Gravel and it must be applied 12 Inches in depth.

This type of gravel is available for sale from the First Nation. Contact Gary Monague, Roads Manager for more information.

For further clarification please refer to your lease;
Clause 7 - Compliance with Applicable Laws and
Clause 8 - State of Repair.

Your cooperation and compliance is greatly appreciated as it benefits your own health and safety.
