RE: **Lot Boundary Verification Required Prior to any Construction or Project Commencement**

Please be advised that all activities involving the development, construction, or any work on designated Lots must ****not**** commence until the Lot boundaries have been officially verified by the Lands Department.

This verification process is mandatory to ensure accuracy and compliance with Beausoleil First Nation land management practices and policies. Failure to obtain proper verification prior to starting work may result in delays or other enforcement actions.

****Actions Required:****

- Contact the Lands Department to schedule a Lot boundary verification prior to beginning any work.
- Ensure all necessary documentation and approvals are in place before proceeding.

Your cooperation is essential in maintaining the integrity of our land management practices.

For further information or to schedule a verification, please contact:
