Community Notice - Ferry Fare Update

Beausoleil First Nation would like to advise community members and ferry users that Chief and Council have approved a revised ferry fare schedule, effective September 1, 2026.

The updated fare structure is intended to help offset the increasing costs associated with operating and maintaining the ferry service, including fuel, vessel maintenance, insurance, staffing, regulatory compliance, and future vessel replacement planning.

New Ferry Fare Schedule

Category	Rate Effective September 1, 2026
Beausoleil First Nation Members	\$10.00 (No Change)
Non-members with Status	\$30.00
Non-members without Status	\$60.00 (includes Driver) + \$10.00 for each additional passenger

Please Note:

- Proof of Status must be presented to receive the Non-Member with Status rate.
- The additional passenger charge applies to each passenger accompanying a non-member, non-status driver.

Annual Fare Increase

To avoid large, infrequent fare increases in the future, the base Non-Member, Non-Status fare will increase annually as follows:

Effective Date	Base Fare
September 1, 2026	\$60.00
September 1, 2027	\$64.00
September 1, 2028	\$68.00
September 1, 2029	\$72.00
September 1, 2030	\$75.00 (Cap)

Once the fare reaches \$75.00, it will be reviewed before any future increases are considered.

Currently, contractor and commercial vehicle rates are also being reviewed. An updated rate schedule will be communicated once it has been finalized and approved.

We appreciate your understanding and continued support as we work to ensure the long-term sustainability of Beausoleil First Nation's ferry service.
